

THE LANDMINE DETECTION MAP

Problems in the family business can erupt so quickly and cause irreparable damage to both the business and the family before anyone has time to think.

Family members should use this map to discover what areas to start working on right away if they want the family business to survive. Smart families know it's better to face the issues proactively rather than wait for the bomb to go off.

THE REALITY

of what happens

POTENTIAL LANDMINES CAN APPEAR IN MANY FACETS OF LIFE. THESE THREATEN TO DESTROY HEALTHY RELATIONSHIPS AND SHOULD BE HANDLED WITH EXTREME CAUTION.
